

# Map Project

# Project Guidelines

- **Bird's eye view** of a layout of a city
- Must include at least 8 locations from your “Les endroits” notes.
- **Street names** must be clearly labeled.
- Later, other groups will be in charge of navigating through your city using directions that you will begin writing next class.
- Street names/city may be based around a theme if you would like. (book , movie, sports, etc.)
